

NORTH AMERICAN LIGHTING

A **Koito** Group Company

NAL SCHOLARSHIP FOR EXCELLENCE

North American Lighting (NAL) is the largest automotive lighting manufacturer in North America. We are pioneers in automotive lighting from LEDs to adaptive driving beams and are now pursuing the latest technology in autonomous driving. We are pleased to employ over 5,500 individuals in a variety of engineering, management, business, and other technical positions.

NAL is committed to its surrounding community and fostering the continued education of students especially interested in a career in business or technical fields. This year, NAL is offering multiple **\$1,000** scholarships to students with plans to pursue a degree in business or technical programs. The scholarship will be paid directly to the college as designated by the student on behalf of NAL, in support of their field of study. Our goal is to support local students in education as well as with internships who wish to remain in the communities we serve.

To be considered for the scholarship, students must meet the following requirements:

1. You must be a high school senior graduating in 2019 and enrolling in college in the Fall of 2019.
2. The college you will be attending must be an accredited technical school, junior college or university.
3. The degree you are pursuing must be in the business or technical field.
4. You must provide three letters of recommendation from individuals outside your family to support your character, work ethic and community involvement.
5. Submit a 500-word essay titled "My Educational and Career Goals."

*All applications will be reviewed by the NAL Scholarship Committee.

Please attach this application with your letters of recommendation and essay.

High School: _____

Name: _____

Email Address: _____

Address: _____

Mobile Phone Number: _____

Field of Study: _____

School you will be attending: _____

List the names and relation of any family members that work at NAL:
