Quick Guide: Setting up a Gmail Account

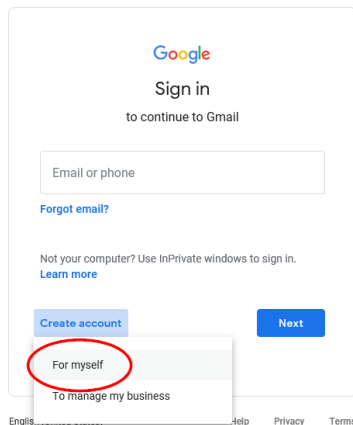

Instructions for: Creating a free Gmail email account

What you need: Internet connection

Recommended for: Anyone that doesn't currently have an active email account.

Important Note: All fields marked with an * asterisk are required.

1. Go to the web address <http://www.gmail.com>
2. Click on the Create New Account link and select "For myself".

3. Clicking the link will bring you to the Create Google Account page. You will input your information on this page.
4. Input your first and last name.
5. Create your Google username, which will appear in the following format:
username@gmail.com
6. Choose your password. Your password must be at least eight characters in length and can include numbers, letters, and periods.
7. Confirm your password, then proceed to fill in the rest of your personal details.
8. Type in the verification code, then check the terms of services agreement box and click Next Step.
9. Congratulations! You have successfully created an email account through Gmail
